## Foreword

“Go, little booke, God send thee good passage,  
And specially let this be thy prayere,  
Unto them all that thee will read or hear,  
Where thou art wrong, after their help to call,  
Thee to correct in any part or all.”

—Chaucer.

### Alma Mater

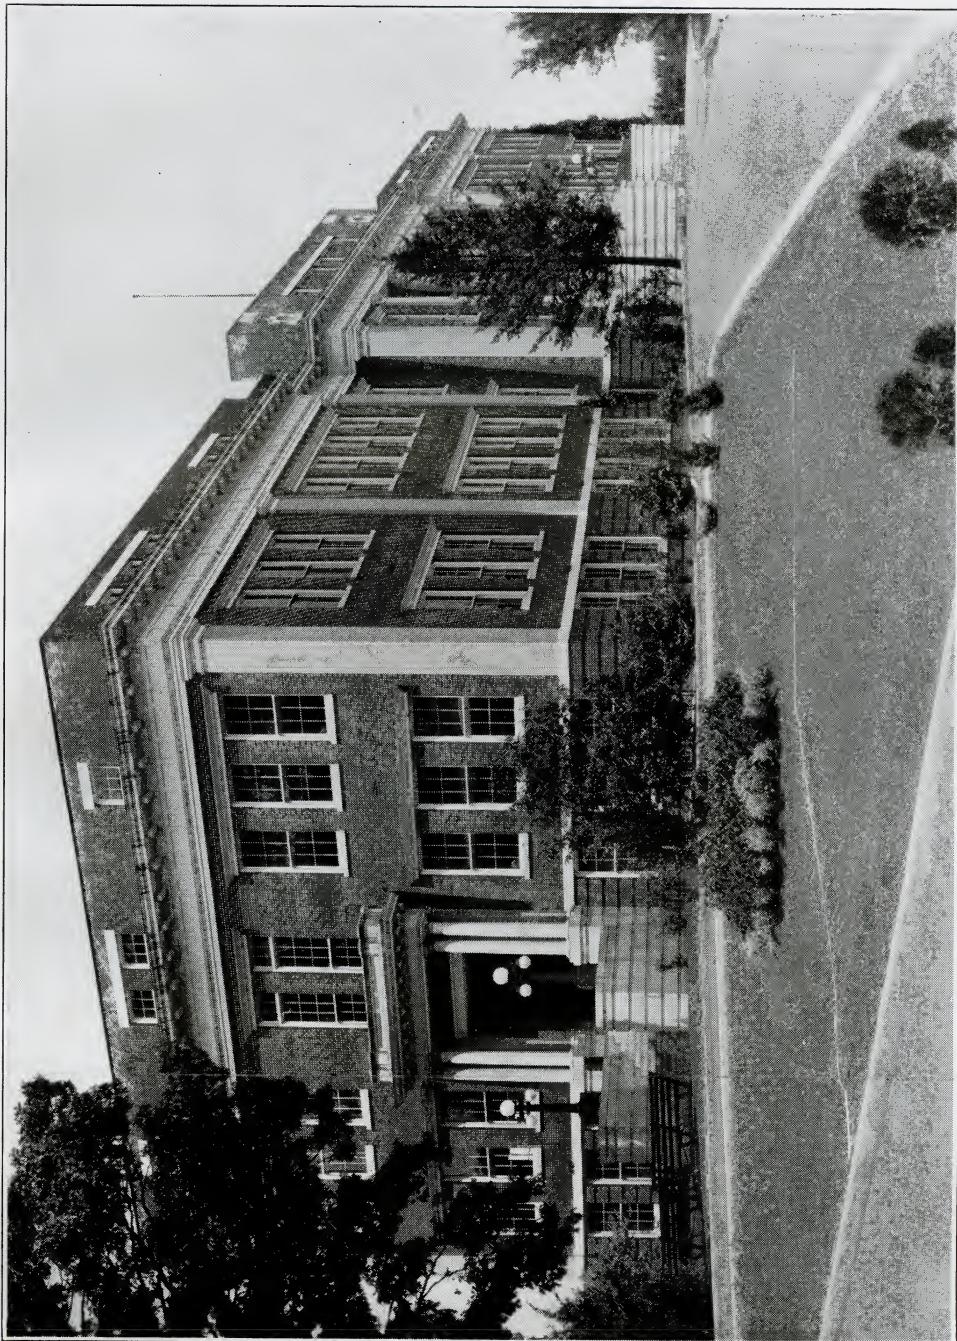

IN THE SHADOW OF THE MOUNTAINS,  
UNDER SKIES OF BLUE,  
STANDS OUR DEAR OLD ALMA MATER,  
GLORIOUS TO VIEW.

SOUND THE CHORUS, SPEED IT ONWARD,  
THEE WE'LL NEVER FAIL  
HAIL TO THEE OUR ALMA MATER,  
HAIL TO THEE, ALL HAIL.

IN THY HALLS WE FORMED OUR FRIENDSHIPS,  
DEAR OLD COLLEGE HOME,  
AND TO THEE WE PLEDGE OUR HEARTS,  
WHEREVER WE MAY ROAM.

SOUND THE CHORUS, SPEED IT ONWARD,  
THEE WE'LL NEVER FAIL.  
HAIL TO THEE, OUR ALMA MATER,  
HAIL TO THEE, ALL HAIL.

## Greater E. T. S. T. C.

Much of the progress of this year in our school can be traced to the recent appropriation of the State. Out of this fund a magnificent new auditorium with a seating capacity of 1100, which in beauty is unsurpassed by any in the South, was added to our school. This auditorium was formally opened to the public on Monday evening, November 28th, with a comedy entitled, "The Family Upstairs."

The standard of the school has been rising gradually for a number of years, especially since the institution became a College. In 1926, the first year as a college, we received admission into the American Association of Teachers Colleges; then in December 1927, we secured unconditional admission to the Association of Colleges and Secondary Schools of the Southern States. Since we are now a member of this Association, our students will be accredited without discount in the leading schools of the country.

Additional books have been bought for the library amounting to \$4500; making about 10,000 volumes.

Grading on the grounds has been going on at various times during the past year, with the result that the Western front is greatly improved in looks.

Our laboratories are rapidly installing new equipment, having spent over \$5000 for additional apparatus, models, slides, diagrams, stuffed animals, and fowls.

What will probably mean more to the school than any other project is the erection of a new demonstration school for which \$180,000 has been appropriated. The State appropriated an additional \$30,000 for a central heating system which will be installed in the near future.

This outline indicates the material part of the school progress and leaves unsaid much of the other progress of the school that may be seen on every hand. The students, alumni, and teachers hope and confidently expect that the progress will be even greater in the years to come.

—Sara Jobe.

## To the Class of 1928

Commencement! Ominous word! What does it all mean?  
The beginning of a new life? Not that I ween.  
A period of preparation has now reached its goal.  
One task is finished. Now you begin a larger whole,  
A continuation of life on a wider plane,  
With bigger opportunities for service and gain,  
Broader activities, nobler purpose, higher aim,  
Real sympathy with another's sorrow and pain.  
New zeal in life, a keener perception of truth,  
A greater realization of love, forsooth,  
Charity that suffereth long and is ever kind;  
The constant development of body, soul, and mind,  
A faithful conscientious response to duty's call,  
The cheerful performance of homely tasks and burdens all,  
The exalting of drudgery to a noble art,  
The dignity of labor, in which each does his part,  
All this awaits you. Grasp the occasion fleeting by.  
Up, ready for the fray!  
Conquer bravely or die!  
Forward, onward, be your daily course, ne'er repine;  
Unwearied strive toward the ideal, the source of life divine.

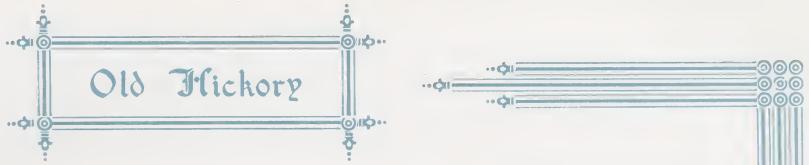

—E. G. Jaeck.

## Awakening of Spring

When I awoke this morning  
To the beauty of the day,  
I beheld the works of nature  
That we see along the way.

The greenery struck my fancy  
The grass, the leaves, the trees,  
The shrubbery as it blossomed  
Was swaying in the breeze.

The flowers enhanced the landscape  
Brought color and delight,  
While sunbeams beaming brightly  
Glorified the morning light.

The babbling brook re-echoed  
Rang clearly through the air,  
Gave merriment to the morning  
And cast out every care.

The birds high in the tree tops  
Gave out their songs so dear,  
They filled my heart with gladness  
And proved that Spring is here.

The year 1927-28 has been one of the most successful in the history of the Sapphonians. Several new members have been added to the Society, who have supported it loyally. This society has become one of the most outstanding and vital organizations on the campus.

Along with the literary programs, we have had our fun and frolic. The Sapphonians ushered in Leap Year with great rejoicing, and immediately entertained the Pestalozzians with a Leap Year Party.

Sapphonians are striving to attain the high ideals held up by the Greek poetess Sappho, and to live up to their motto "Service".

## Pestalozzian Literary Society

Since its organization in 1911 the Pestalozzian Literary Society has had a steady growth. It has been through the untiring efforts of its members that it has reached its present level as a college organization. At first it had no home but held its meetings in a classroom in the administration building. So loyal and so persistent has been its membership that a permanent home was given it in the men's dormitory. The hall is now well equipped with a piano, chairs, desks for the officers, stand for the speaker, rugs, pictures, and other equipment.

Much and lasting good has been accomplished during the year, and we hope that the good work will be carried on by those who follow us, and continue to do honor to our beloved college.

## Y. W. C. A.

### CABINET

<i>President</i> -	ELLEN MULLENNIX
<i>Vice-President</i> -	MILDRED SHEFFY
<i>Secretary</i> -	BLANCHE SHOUN
<i>Treasurer</i> -	AMANDA SEATON
<i>Business Manager</i> -	EDITH ROWAN
<i>Chaplain</i> -	MADELINE WALSH
<i>Chairman of Membership Committee</i> -	KATHERINE REECE
<i>Chairman of Social Committee</i> -	MARGARET MADDEN
<i>Librarian</i> -	UNA KILLIAN
<i>Choister</i> -	BONNIE JONES
<i>Pianist</i> -	OTHO BURNS

When school opened in the fall of 1927, the Y. W. C. A. greeted the girls with a most cordial welcome. At our installation service, we found our membership to be almost 100 percent of the girls in the dormitory.

Our regular meetings have been held on Wednesday evenings, and some very inspirational programs have been given. Every Sunday afternoon at five o'clock the Y. W. conducts vespers. The greater part of the programs have been given by the girls themselves. However, we have had some excellent speakers with us. In addition to the members of the faculty and the faculty advisor, Miss Ezzell, Mr. William Preston, the Baptist Student Secretary of the South, and Mr. Schutz of Wisconsin, field secretary of the Student Volunteer Movement of America, have been speakers on various occasions.

A unique idea that the Y. W. has carried out in cheering the new students and driving away the homesickness was having a number of the old girls acting as "Y. W. Lolly-pop Sisters" and writing notes of cheer, wit, and joy. Also many social events have been given.

The Easter sunrise service this year, which was held in front of the Administration Building, was simple but very impressive.

The Y. W. C. A. is trying to do its bit in beautifying the campus. We have our own triangular plot at the south entrance of the administration building.

The Y. W. not only has tried to carry out its motto of "Service" to the girls of the dormitory, but has presented to the entire school many helpful programs. The one that will no doubt long be remembered was the Easter program in the form of a play, "The Resurrection."

Our Young Woman's Christian Association stands for development of Christian character, the promotion of friendliness among all students in the college, and the training for service through the various activities of the association, that it may keep aglow the light of Christianity on the college campus.

## Modern Language Club

The students of the Modern Language Department have organized a general Modern Language Club with three divisions: CERCLE FRANCAIS, CIRCULO ESPANOL, and DEUTSCHER VEREIN. The purpose of each sectional club is to learn the songs of the particular foreign country studied by the club, and from time to time to give a program before the College Assembly. During the past year each club has learned twelve songs, and together the clubs have had three programs.

The governing board consists of six representatives, one chairman being elected by each class in the department. They are as follows:

Edgar Britton  
Ethelyn Lockett  
Clara White

Mrs. Louise Bryan  
Martha Thomas  
Freddie Lee White

The two honorary members of the organization are the accompanist, Mrs. Lucibel Crookshank, and the faculty adviser, Dr. Jaeck.

## S. P. Q. R.

Late one night as I was reading the story of Aeneas and of his consulting the oracle, I became very tired, and my mind wandered to plans for the organization of a Latin Club at E. T. S. T. C. Somnus, the god of sleep, waved his wand above my head.

Suddenly I heard a voice saying: "Seek the Sibyl of Cumae, she can tell you what you want to know." For a while I was so completely shocked that I could say nothing. When I had partly regained my senses, the voice had ceased and I could hear it no more, but I resolved to obey the mysterious command and started out at once on my perilous journey. After a long toilsome trip I arrived at my destination, the temple of Apollo. The Sibyl seemed reluctant to answer my inquiries, but finally she replied, "It is easy to organize a club; but to keep it alive and interesting, this is the labor, this is the task. Only a few persons, who have been endowed by the gods have been able to keep others interested in organizations. Hardships reign supreme. Many tiresome hours must be spent in practicing songs, speeches, reports, in preparing chapel programs, and in finding interesting material for regular meetings. It shall be your duty to interest, not only the student body but also the entire state in the study of Latin and its uses. If you are resolved to undertake such a task, return to your own class. You will find capable leaders in Miss Thomas, Josephine Miller, Ella Ross, and Mildred Sheffey. After many hardships and trials, if your club members are true to the gods, honor and glory shall come to the E. T. S. T. C. through your efforts. Farewell."

Thus the Latin Club arose and fostered under favorable auspices.

During the fall quarter of this year the Dramatic Club was organized for the purpose of giving the students who were interested in expression a chance to enhance their ability along that line. They were given an opportunity to do this by their part in the meetings which were held bi-monthly in the auditorium of the administration building.

The aim of the club is to help the students to express themselves on the stage in a creditable manner. To do this at least one short play was to be presented at each meeting and at least one public appearance was aimed at. In order to do this in the best way the club was divided into four groups taking turn in presenting the program. The work of the club has been ably sponsored by the sponsor, Mr. Cox; and the members have shown a great deal of interest in the activities of the club.

At the beginning of the fall quarter 1927, the old members of the Science Club met and with the assistance of the science teachers reorganized for the ensuing year. The purpose of this club is not only to study the scientific writings and discoveries of the age but to express freely their own opinions on these subjects of science. The study of nature at first hand is also encouraged and trips for this purpose organized. The old constitution was amended and adopted. The club aims at reaching a higher number of students than formerly.

Another excellent aim of the club is to bring, in addition to the bi-monthly programs, several public programs. One very interesting chapel program was presented with talks and a dialogue showing that water is a colorless liquid. The club's aim, to bring one outstanding, national figure in scientific endeavor to our college, was accomplished when Mr. Edward Avis the celebrated bird mimic was here. His illustrated lecture and perfect imitation of the song birds of North America and England were enjoyed by both the college and city people. Then two other talented lecturers who have been here are Miss Galyon who gave an illustrated lecture about the flowers of the Smoky Mountains with slides showing a study of these flowers in their natural settings, and Mr. Woodman from the Smithsonian Institute gave a very interesting talk.

This work has been made possible by the tireless effort of the club's sponsors, Mr. Preston and Mr. Roller, Miss Greene and Mr. Brown. The members of the club are very desirous of learning more about the treasures of nature and science and intend to carry on faithfully the work that is started.

COACH ROBINSON, this year was handed the same task as all years here-to-fore; that was to develop a team out of green material. Robbie is one of the greatest coaches we know of to take green material and develop it into a winning combination. This takes remarkable skill, but what it takes Coach certainly has. He put forth a strenuous effort for a winning team by bringing the boys into an early camp. With this he moulded together one of the greatest teams the college has produced.

# Old Hickory

**COACH ROGERS**—Much praise is due him for his untiring efforts in showing the backfield their weak points. He had no remorse in stressing the fundamentals in general and scouting other teams. In diagnosing opposing teams' plays one look was enough, then it was handed down for defense more perfect than had it been they themselves.

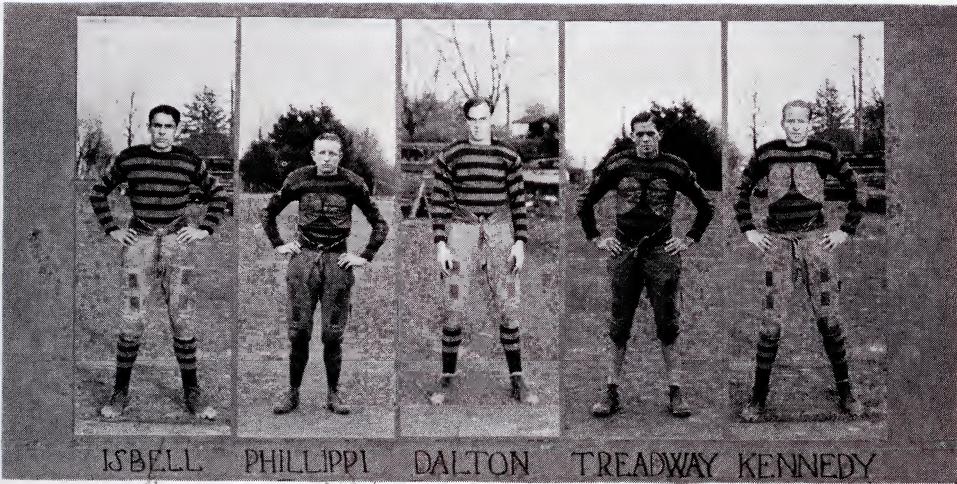

**CAPTAIN PAINTER**—Jack, our great and powerful fullback, hit the line "a ton of brick", it fell always, and gave him the open-way. He was too vicious to be tackled. Those who tackled him wished they had had their lives insured. It was impossible for any two men to stop him, it took nearly eleven. His broken-field running skill made the opponents look terribly sick. "Casey" was the high point man of the team; not only did he lead the team as Captain, but also the signal barker where he matched his wits with the opponents very successfully.

**COPELAND, Tackle**—"Barney" with the nerve of a whole regiment, a good head, and a deadly tackle which made him one our most valuable and most likeable men. He helped back the line on the six-man defense and was always a thorn in the side of the enemy. A hearty welcome awaits his return next year.

**NICELY, Half**—Paul was somewhat small but he was a never dieing fighter. He was a little "Jumping Jack" and hard to get hold of. With this years experience, next year will find him one of the shiftest backs the College has produced. We will watch you next year, Paul, so be ready.

**MOONEY, Manager**—This year being an introduction of Student Athletic Managers, Jim had the honor of being the first. He was a great asset to both Team and Coaches, always being on hand, ready to do anything that would be of benefit to the Team.

## Old Hickory

ISBILL, *Center*—Cap, the new center, was green like many others, due to the lack of experience, but developed into an able lineman, always taking care of his man. His improvement only goes to show that a man who is willing to work will succeed.

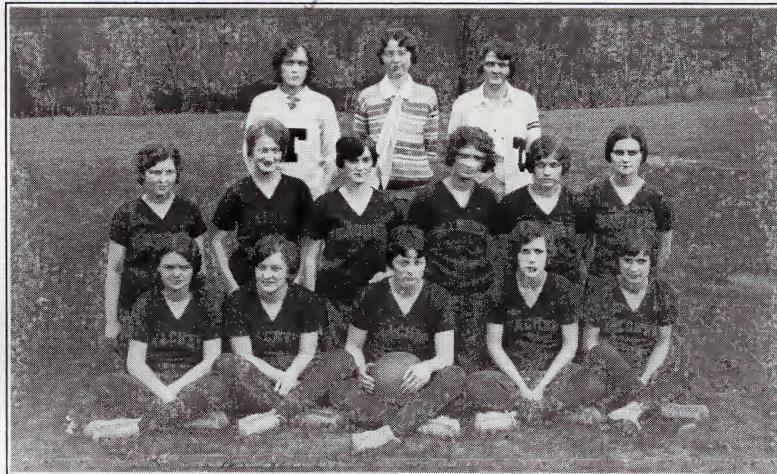

PHILLIPPI, *Half*—“Rudy” started the season like T. N. T., and kept going at that same pace all season. Phillippi has no equal in speed. When it came to returning punts Red Grange had nothing on him. On end runs he was gone before the opposing teams knew what had happened. Your place is waiting for you next year. Come and repeat the marvelous work.

DALTON, *Guard*—Rue, being a new man, fought his way from among the ranks. His profile is that of a ferocious scrapper, and with the determination to hit hard. His greatest ambition was to meet the play behind the line and this he did. This being his first year on the gridiron Rue found the coordination that makes great players. We hope to see him in the Teachers line next fall.

TREADWAY, *Half*—“Treadie”, another one of the new men, but by his actions you could not tell it. He possesses that ability of a natural Athlete, therefore, he moulded into the machine like clock work. He was adapt at doing most anything, especially hitting the line and catching passes. There is a bright future for you, Treadie. We want you here next fall.

KENNEDY, *Half*—“Buzz”, a man of inestimable value. On him was built our passing attack, and on him we depended to relieve us in time of danger by his punts. To all these he responded nobly. As Captain of next years’ squad, we predict for him a wonderful success.

## Girls' Basketball

The teacherettes of 1928 proved themselves to be the most successful team ever to represent the Teachers College, winning eight out of the nine games played. The ninth game was lost by a single point.

The success of the team has been due not only to the ability of the players but also to the superb coaching of Miss Helen Krepps who developed the team from practically new material, with the exception of two letter players.

The squad was composed of Louise Wetherby, Mary Lynn Foster, Virginia Lee Masengill, Gillie Queener, Captain Lettye Maddux, and Ethelyn Lockett guards, and Edna Williams, Gladys Williams Mitchell, Edna Callison, Reba Hall, Eleta Anderson forwards.

At the close of the season letters were awarded Captain Lettye Maddux, Edna Callison, Reba Hall, Mary Lynn Foster, Louise Wetherby, Eleta Anderson, Captain-elect Edna Williams, Gladys Williams Mitchell, Ethelyn Lockett, and Managers Wileta Mathes and Una Killian.

### Boys' Basketball

After only a few days of recuperating from football, Coach Robinson issued the call for basketball. A large number of husky men responded, and practice was started immediately. Within a short time the squad had reduced until only those who meant work stuck, and work they found under the careful coaching eye of Coach Robinson.

With Captain Dyer, Mooney, Painter, Galloway, Bowman, and Humphreys letter men returning, and such good new men as Gourley from Boone, N. C., Nicely from Gibbs High, Hall from Bluff City, and Smith from Oneida, Coach Robinson had a strong combination around which to mold his team.

Through the good work of Coach Robinson and the cooperation of Manager Copeland, the Teachers College put out one of the strongest basketball teams in the history of the College. The score does not indicate such, but most of the games that were lost were lost by a one or two point margin.

Starting off the season with a rush, we won the first four games. Here our joys were turned to sorrows with almost an equal number of losses, but soon our boys were on their stride again.

We defeated the strong Alabama Southern Five, and we were the only team in this section of the state to win over them.

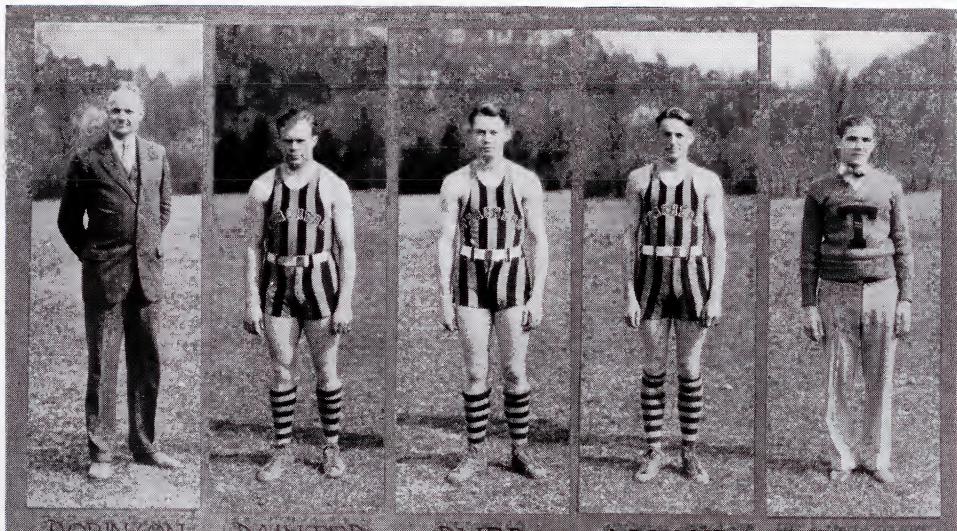

We hope to have all the team with us next year, with the exception of Jim Mooney, who is lost by graduation. His all-around playing and good floor work greatly aided the team. His place will be hard to fill next year. The team as a whole played good ball and best of all they proved to be real sports.

Following the close of the season, a joint banquet was given the two teams of the College, and the letters awarded. Humphries was elected captain for the ensuing year, and Gourley alternate captain. We hope for the team of '29 a record breaking season.

### Baseball

Baseball practice began about two weeks before the close of the Winter Quarter, but due to the bad weather, little was done until the second week of the Spring Quarter. When our boys did get a chance for practice, they worked hard and fast and rounded into shape in spite of the fact that weather conditions were against them. Each afternoon the bat was heard crackling, and men's voices were heard echoing all over the field. They were practicing hard, and their interest was great and their enthusiasm high. They were doing their best to make the team the best that has ever represented the Teachers College, and at the present time, as this goes to press, we believe they are worthy to represent our college.

Much credit goes to Coach Robinson for his wonderful coaching ability and for the way in which he has developed his team. It must also be remembered that no team can be well rounded and kept together without a manager, and no team could be better managed than ours has been. This credit goes to Manager Lane, who has been kept busy all the season, and whose work has greatly aided the team.

The following letter men returned from last year's squad: Captain Davis, Painter, Delozier, Nicely, Aeuff, Phillipi, Dyer, and "Buzz" Kennedy. Other men who are making regular places on the team are: Fleenor, formerly of Carsen-Newman; Dalton, formerly of L. M. U.; Thompson, of Jonesboro; Qourley, from Boone, N. C., and Hall, from Bluff City. Besides these the following have been out for daily practice and have taken part in some of the games: Taylor, O'Dell, Berry, and May.

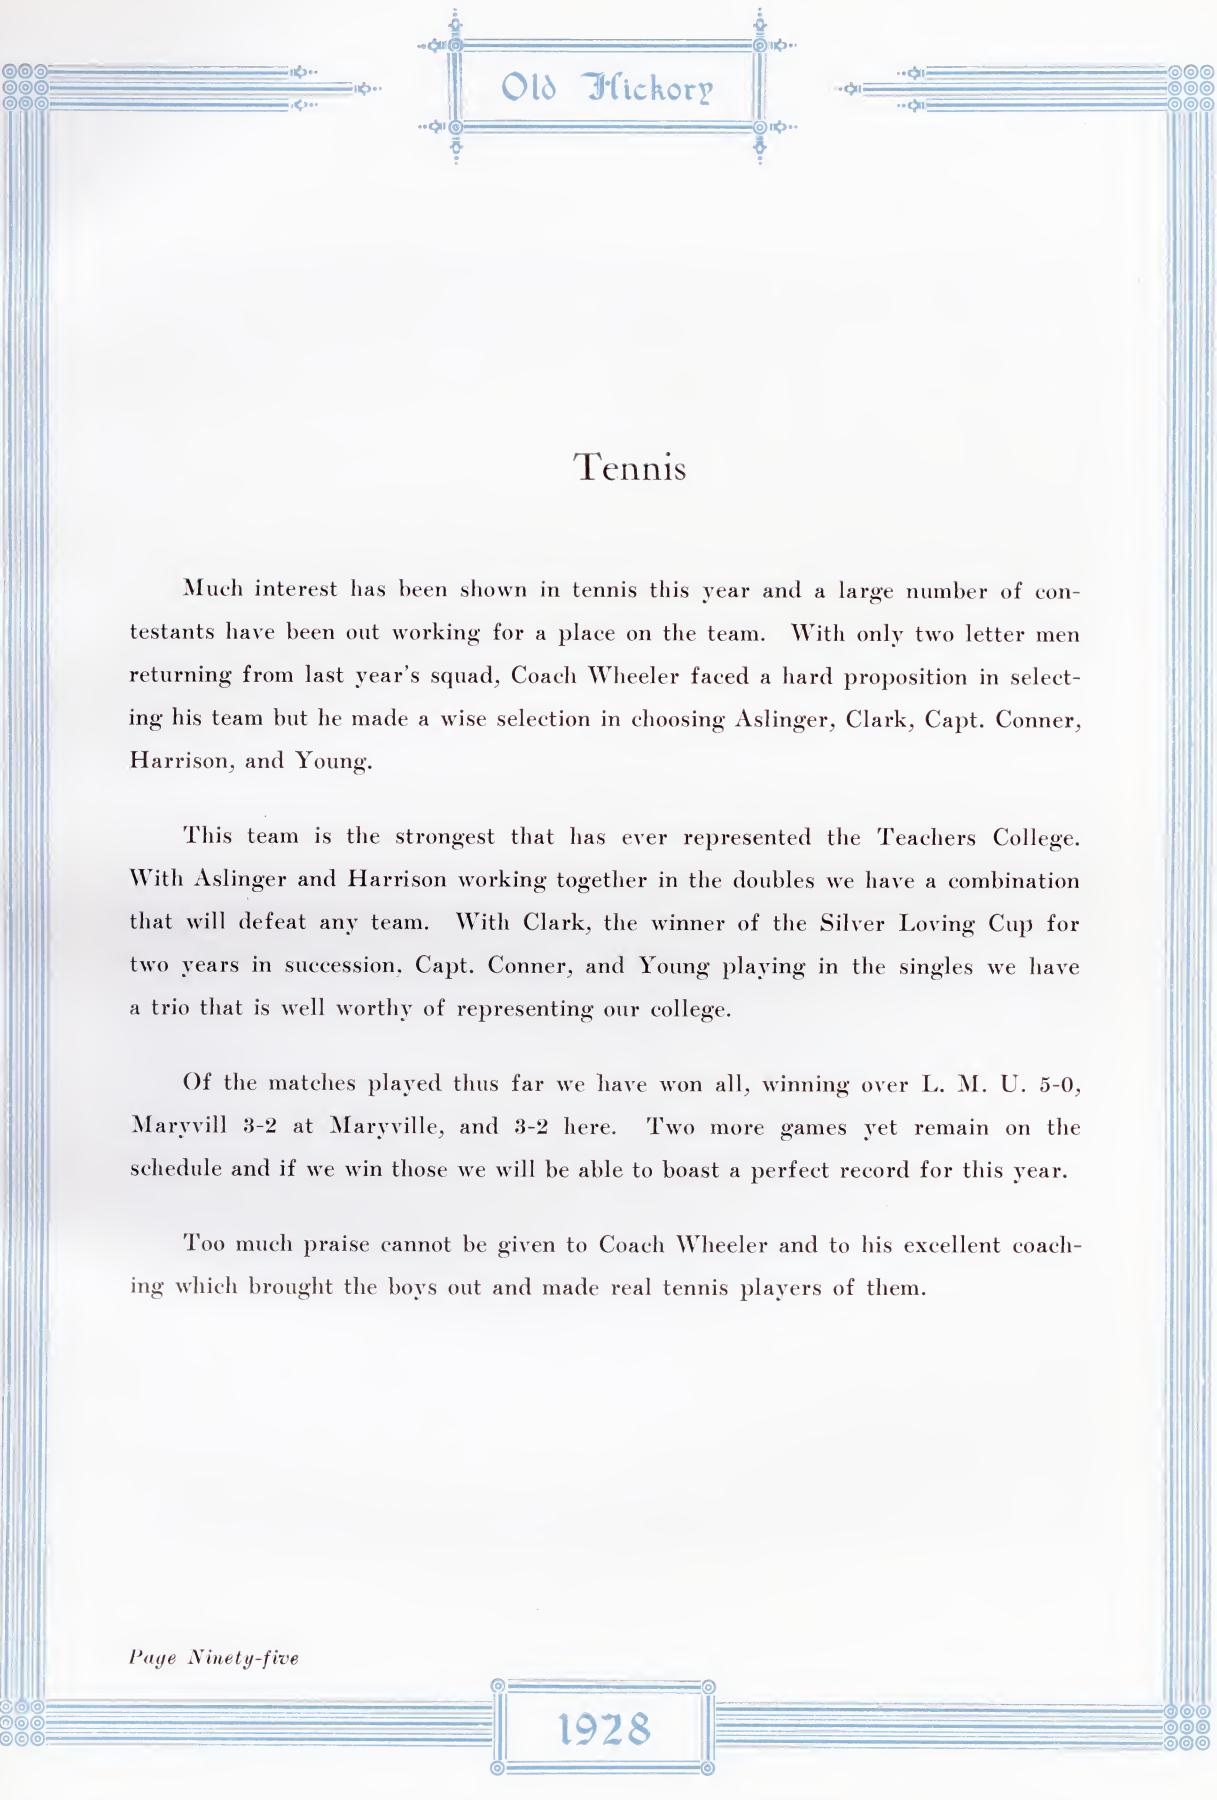

The pitching staff composed of Fleenor, Captain Davis, Thompson, and Dalton is the strongest to represent the Teachers College for some time.

## Tennis

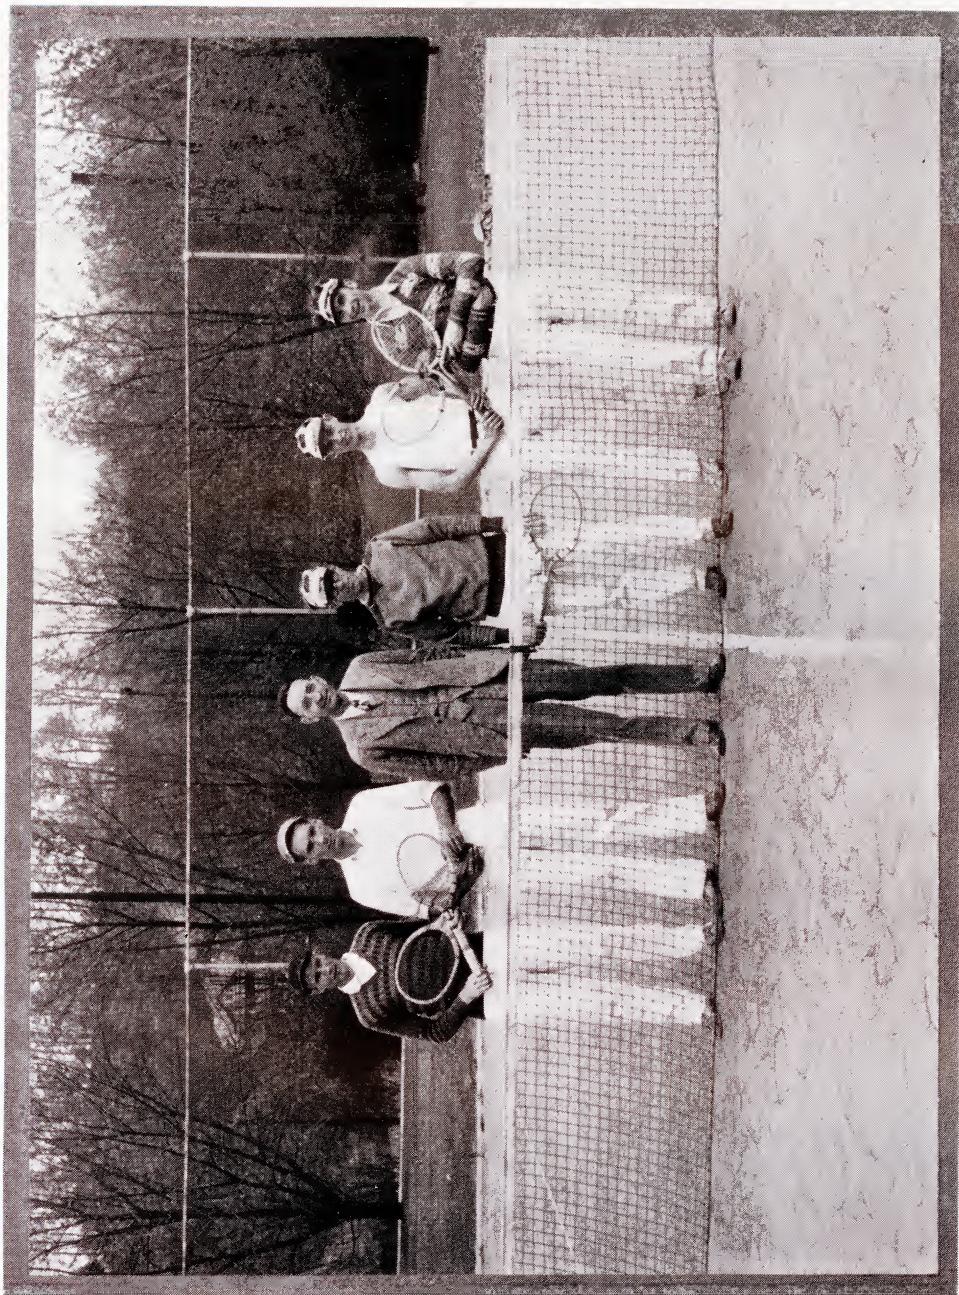

Much interest has been shown in tennis this year and a large number of contestants have been out working for a place on the team. With only two letter men returning from last year's squad, Coach Wheeler faced a hard proposition in selecting his team but he made a wise selection in choosing Aslinger, Clark, Capt. Conner, Harrison, and Young.

This team is the strongest that has ever represented the Teachers College. With Aslinger and Harrison working together in the doubles we have a combination that will defeat any team. With Clark, the winner of the Silver Loving Cup for two years in succession, Capt. Conner, and Young playing in the singles we have a trio that is well worthy of representing our college.

Of the matches played thus far we have won all, winning over L. M. U. 5-0, Maryville 3-2 at Maryville, and 3-2 here. Two more games yet remain on the schedule and if we win those we will be able to boast a perfect record for this year.

Too much praise cannot be given to Coach Wheeler and to his excellent coaching which brought the boys out and made real tennis players of them.

T-E-A-C-H-E-R-S  
Teachers! Teachers!  
Rack-Kack-Kack-Kack! Rack-Kack-Kack-Kack!  
Hold 'em! Hold 'em! Hold 'em!  
Let's Go!

\* \* \*

Blue team, Gold team,  
Blue and Gold team  
T. C. Ball Team  
Fight! Fight! Fight!

\* \* \*

Fight, team, fight, fight, team, fight.  
Fight, team, fight, team,  
Fight, fight, fight!

\* \* \*

T. C. rah! rah!  
T. C. rah! rah!  
Rip-rah! rip-rah!  
T. C. rah! rah!  
(Repeat)

\* \* \*

Hit 'em high, hit 'em low,  
Come team, let's go.

\* \* \*

Yea Team, Yea Team,  
Fight, Fight, Fight.  
Yea Team, Say Team,  
We're betting on you!

\* \* \*

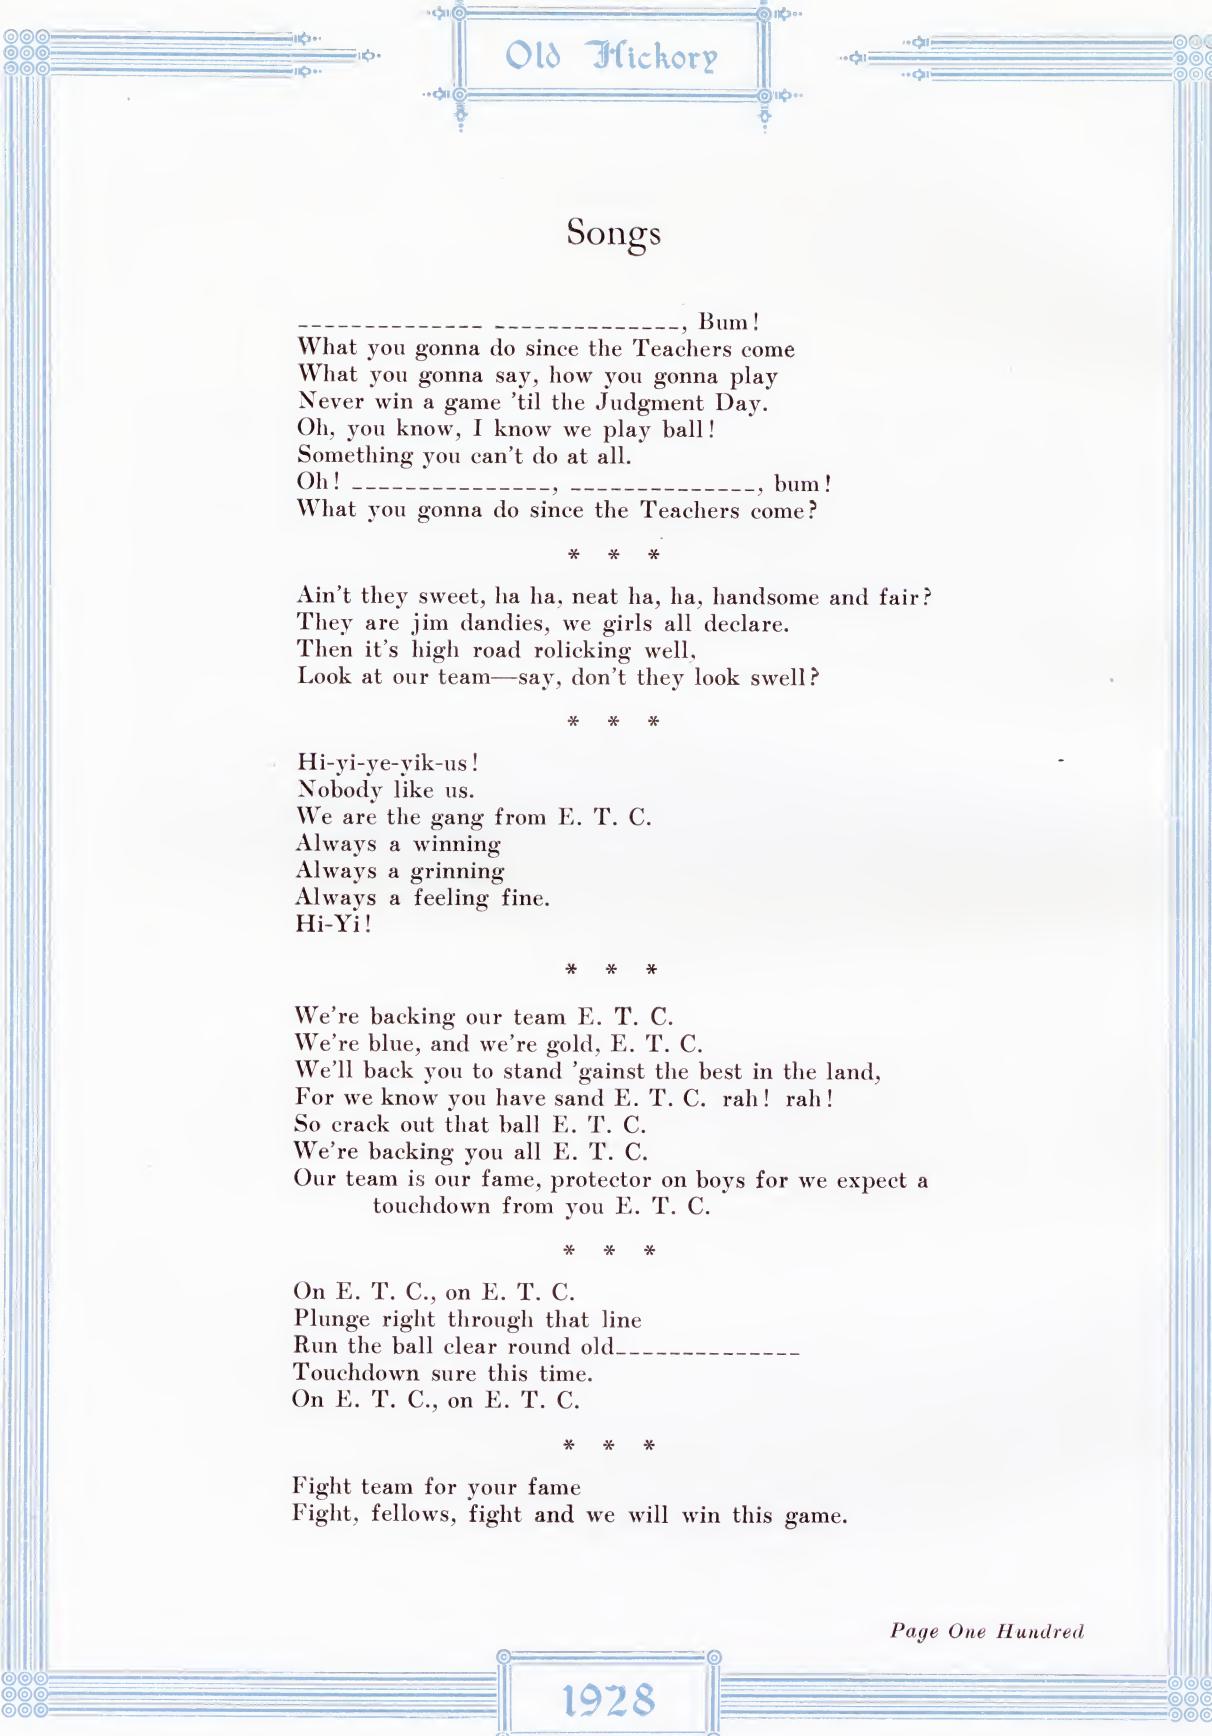

He's a wonder  
He's a dream  
He's the Captain  
Of our team.

\* \* \*

We love you, we like you,  
We stick to you tight  
But ole T. C.  
You must fight! fight! fight!

\* \* \*

2 — 4 — 6 — 8  
Whom do we appreciate?  
Team! Team! Team!

### Songs

-----, Bum!  
What you gonna do since the Teachers come  
What you gonna say, how you gonna play  
Never win a game 'til the Judgment Day.  
Oh, you know, I know we play ball!  
Something you can't do at all.  
Oh! -----, -----, bum!  
What you gonna do since the Teachers come?

\* \* \*

Ain't they sweet, ha ha, neat ha, ha, handsome and fair?  
They are jim dandies, we girls all declare.  
Then it's high road rollicking well,  
Look at our team—say, don't they look swell?

\* \* \*

Hi-yi-ye-yik-us!  
Nobody like us.  
We are the gang from E. T. C.  
Always a winning  
Always a grinning  
Always a feeling fine.  
Hi-Yi!

\* \* \*

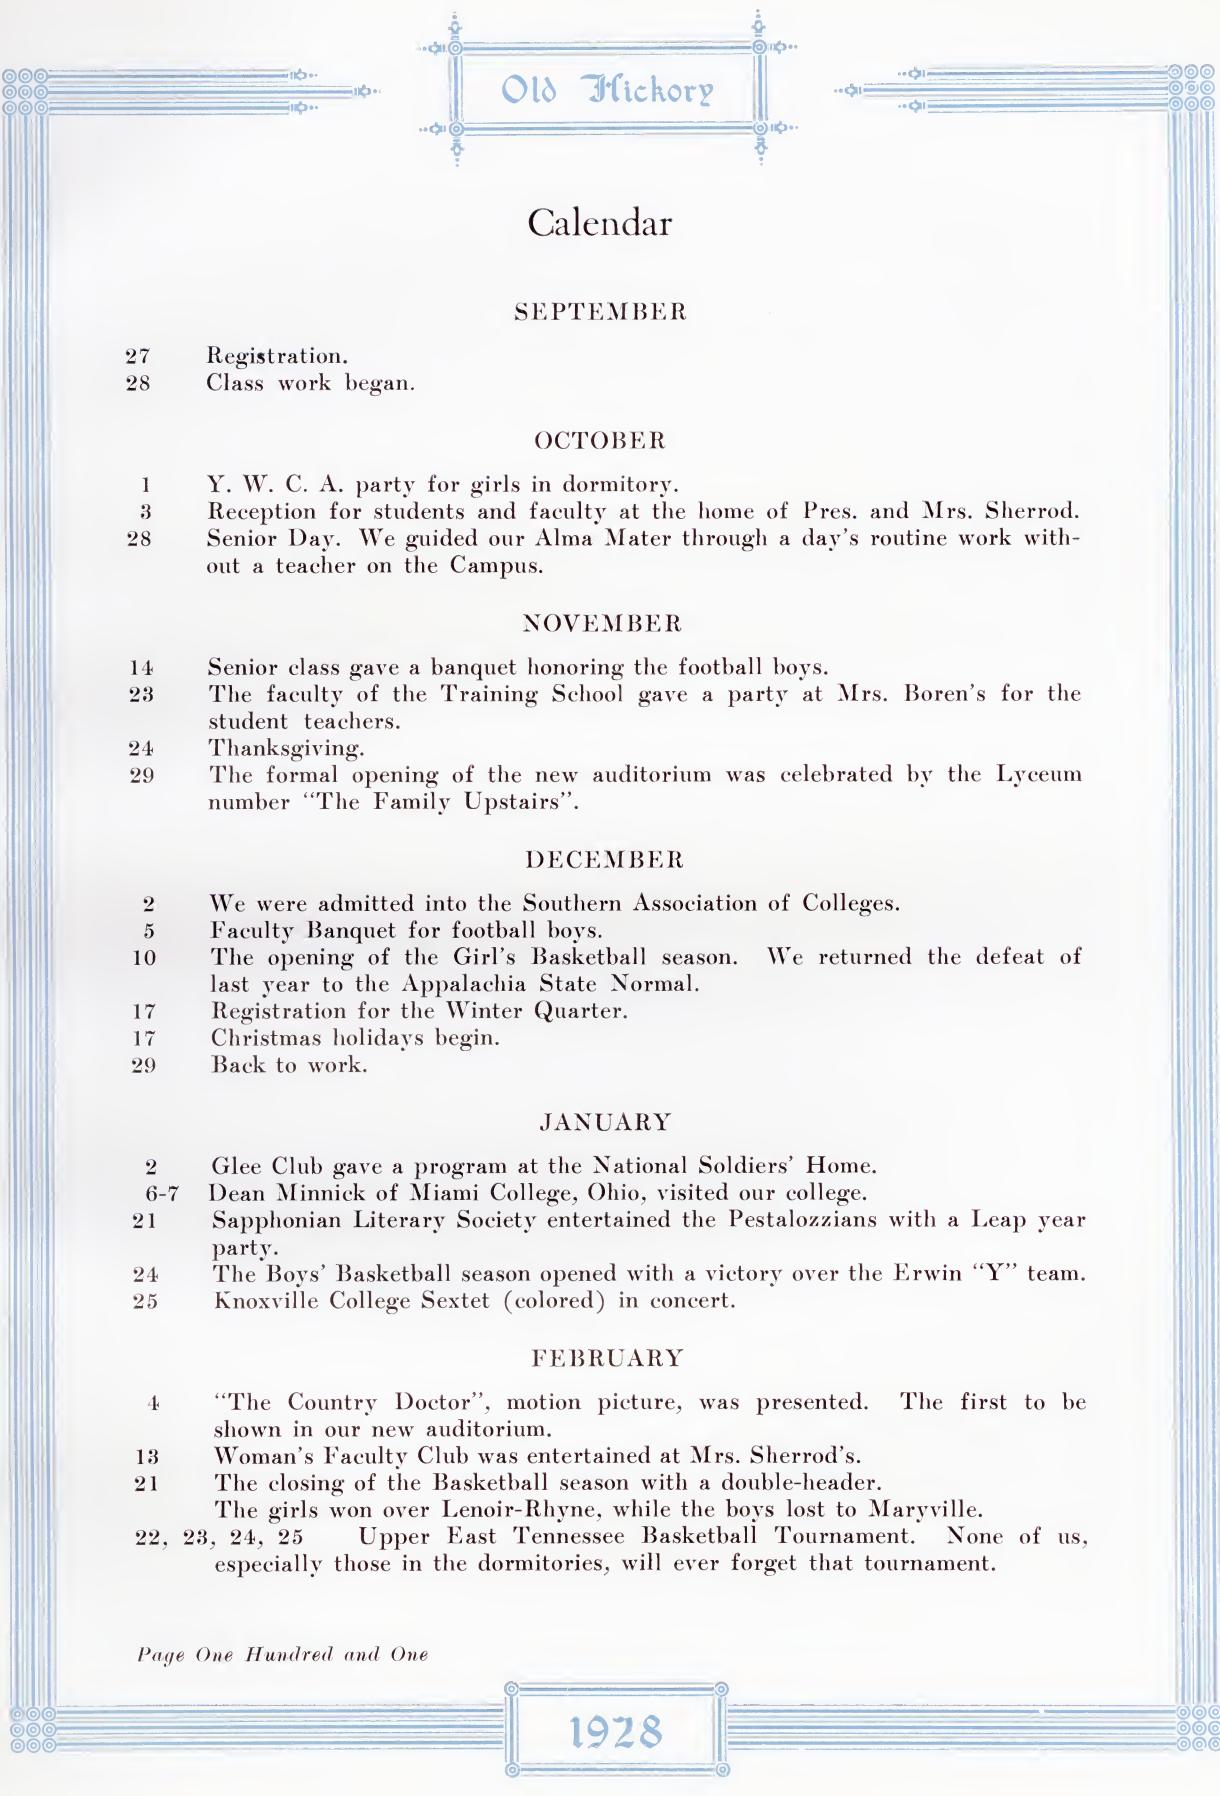

We're backing our team E. T. C.  
We're blue, and we're gold, E. T. C.  
We'll back you to stand 'gainst the best in the land,  
For we know you have sand E. T. C. rah! rah!  
So crack out that ball E. T. C.  
We're backing you all E. T. C.  
Our team is our fame, protector on boys for we expect a  
touchdown from you E. T. C.

\* \* \*

On E. T. C., on E. T. C.  
Plunge right through that line  
Run the ball clear round old-----  
Touchdown sure this time.  
On E. T. C., on E. T. C.

\* \* \*

Fight team for your fame  
Fight, fellows, fight and we will win this game.

## Calendar

### SEPTEMBER

27 Registration.  
28 Class work began.

### OCTOBER

1 Y. W. C. A. party for girls in dormitory.  
3 Reception for students and faculty at the home of Pres. and Mrs. Sherrod.  
28 Senior Day. We guided our Alma Mater through a day's routine work without a teacher on the Campus.

### NOVEMBER

14 Senior class gave a banquet honoring the football boys.  
23 The faculty of the Training School gave a party at Mrs. Boren's for the student teachers.  
24 Thanksgiving.  
29 The formal opening of the new auditorium was celebrated by the Lyceum number "The Family Upstairs".

### DECEMBER

2 We were admitted into the Southern Association of Colleges.  
5 Faculty Banquet for football boys.  
10 The opening of the Girl's Basketball season. We returned the defeat of last year to the Appalachia State Normal.  
17 Registration for the Winter Quarter.  
17 Christmas holidays begin.  
29 Back to work.

### JANUARY

2 Glee Club gave a program at the National Soldiers' Home.  
6-7 Dean Minnick of Miami College, Ohio, visited our college.  
21 Sapphonian Literary Society entertained the Pestalozzians with a Leap year party.  
24 The Boys' Basketball season opened with a victory over the Erwin "Y" team.  
25 Knoxville College Sextet (colored) in concert.

### FEBRUARY

4 "The Country Doctor", motion picture, was presented. The first to be shown in our new auditorium.  
13 Woman's Faculty Club was entertained at Mrs. Sherrod's.  
21 The closing of the Basketball season with a double-header.  
The girls won over Lenoir-Rhyne, while the boys lost to Maryville.  
22, 23, 24, 25 Upper East Tennessee Basketball Tournament. None of us, especially those in the dormitories, will ever forget that tournament.

## REASONS WHY RED BAND IS BEST—

CLEAN EMPLOYES—*RED BAND* employees have daily baths and white uniforms.  
SANITARY FOOD PLANT—*RED BAND* is made in a clean, white, sunlit plant,  
free from dust and insect life.

CHEMICAL CONTROL—Every car of wheat is tested for purity and strength be-  
fore it is unloaded in the *RED BAND* plant. Only the right kind is accepted  
and used for *RED BAND* flour.

BALANCED FLOUR—There should be the right amount of starches and glutens'  
to produce light, digestible food. *RED BAND* is manufactured to a definite  
standard—always dependable and nutritious.

DIGESTIBILITY—Tough meats are indigestible. So are tough flours. The teeth  
tell about the meat, but only the stomach about the fiber in flour. Special  
machines eliminate all fiber from *RED BAND*. It is, therefore, the most  
digestible of all flours.

ANALYZED AND REGISTERED—The exact constituents of a flour can be told  
only after analysis by a competent Chemist. *RED BAND* is analyzed, day and  
night. Not a sack is shipped without the approval of Chemists and Baking  
Experts. See the number on the sack. *IT'S REGISTERED*.

*RED BAND* costs a few cents more, per bag, but the value is in the flour.
